Compact Module Drill

Remote Technology

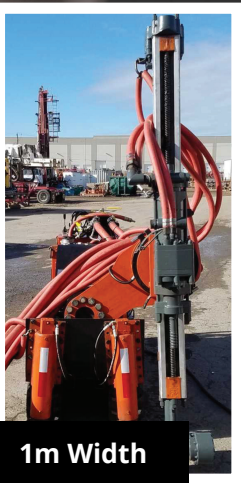

24" Canister (cluster hammer)

Drill & Blast

1m Width

Dewatering

Services

- Production & Service Hole Drilling
- Reverse Circulation Drilling
- Drop & Inverse Raise Extraction
- Grade Control
- Narrow Vein Extraction
- Ground Support Installation
- Dewatering
- V-30 & Canister Drilling
- Engineering Services
- Stope Design
- Drill & Blast

Who We Are

- We are the leader in technical underground drilling and dewatering services
- Operating over 50 drills
- Employing over 200 employees in Canada, USA, Mexico and Colombia

What Makes Us Different?

Routine customization of equipment and procedures to fit the specific needs of our customers in order to ensure optimal project success.

Top Hammer

Stinger NP
Depth: 30m
Length: 3m
Width: 1m
Height: 2.3m
Weight: 1,725kg

Stinger
Depth: 30m
Length: 3.4m
Width: 1.5m
Height: 2.54m
Weight: 4,082kg

Stopemaster
Depth: 40m
Length: 5.8m
Width: 1.4m
Height: 3m
Weight: 9,600kg

Raptor
Depth: 40m
Length: 8.6m
Width: 1.3m
Height: 2.4m
Weight: 11,700kg

DL311
Depth: 40m
Length: 9m
Width: 2m
Height: 3.1m
Weight: 17,000kg

DL421
Depth: 55m
Length: 11.25m
Width: 2.3m
Height: 3.4m
Weight: 22,000kg

ITH / Rotary

DU211-T/6200N
Depth: 130m
Length: 4m
Width: 1.2m
Height: 2.6m
Weight: 8,200kg

DU311-TK/Orion
Depth: 300m
Length: 5m
Width: 1.8m
Height: 2.7m
Weight: 12,700kg

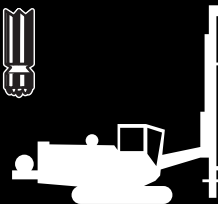

DU311/Pegasus
Depth: 130m
Length: 8.2m
Width: 2m
Height: 2.7m
Weight: 22,700kg

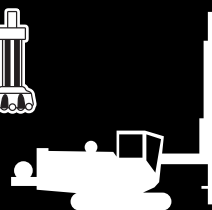

Surface Blast Hole

Atlas Copco T40
Top Hammer /
Remote
Depth: 28m
Dia.: 76-115mm

Atlas Copco F7
Top Hammer / Cab
Depth: 40m
Dia.: 76-115mm

Atlas Copco D60
ITH / Cab
Depth: 45m
Dia.: 110-178mm
